

# IMechE Journals published by SAGE

Institution of  
**MECHANICAL  
ENGINEERS**

## IMECHE JOURNALS COLLECTION

SAGE now publishes 18 prestigious titles from the **Institution of Mechanical Engineers**. These include the 16-part Proceedings of the IMechE, as well as **The Journal of Strain Analysis for Engineering Design** and the **International Journal of Engine Research**.

Spanning from Power and Energy to Sports Engineering and Technology, these journals are an essential part of any engineering collection.

### INCLUDED IN THE IMECHE JOURNALS COLLECTION ARE:

#### Journal Titles

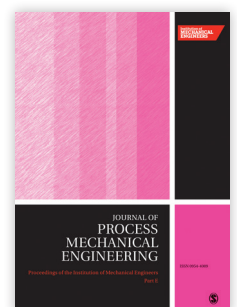

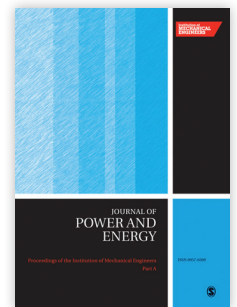

International Journal of Engine Research ISSN: 2041-3149  
The Journal of Strain Analysis for Engineering Design ISSN: 2041-3130

#### Proceedings of the Institution of Mechanical Engineers:

<b>Part A:</b> Journal of Power and Energy	ISSN: 0957-6509
<b>Part B:</b> Journal of Engineering Manufacture	ISSN: 0954-4054
<b>Part C:</b> Journal of Mechanical Engineering Science	ISSN: 0954-4062
<b>Part D:</b> Journal of Automobile Engineering	ISSN: 0954-4070
<b>Part E:</b> Journal of Process Mechanical Engineering	ISSN: 0954-4089
<b>Part F:</b> Journal of Rail and Rapid Transit	ISSN: 0954-4097
<b>Part G:</b> Journal of Aerospace Engineering	ISSN: 0954-4100
<b>Part H:</b> Journal of Engineering in Medicine	ISSN: 0954-4119
<b>Part I:</b> Journal of Systems and Control Engineering	ISSN: 0959-6518
<b>Part J:</b> Journal of Engineering Tribology	ISSN: 1350-6501
<b>Part K:</b> Journal of Multi-body Dynamics	ISSN: 1464-4193
<b>Part L:</b> Journal of Materials: Design and Applications	ISSN: 1464-4207
<b>Part M:</b> Journal of Engineering for the Maritime Environment	ISSN: 1475-0902
<b>Part N:</b> Journal of Nanoengineering and Nanosystems	ISSN: 1740-3499
<b>Part O:</b> Journal of Risk and Reliability	ISSN: 1748-006X
<b>Part P:</b> Journal of Sports Engineering and Technology	ISSN: 1754-3371

### BENEFITS OF SUBSCRIBING

- **Cutting edge easy access:** *SAGE Journals* is moving! As of December 2016, *SAGE Journals* will be hosted on its new online platform.
- **Broad coverage:** consistent year-on-year growth of published content, including over 1,500 new articles annually
- **Accessibility:** 17 of the 18 titles are included in the Thomson Reuters Journal Citation Reports®, and all of them are indexed in SCOPUS
- **Timely publication process:** peer-review is fast and efficient, so you can be sure you're getting the most recent research as soon as possible

Complete your mechanical engineering content collection. No research can be complete without access to all possible information; owning the IMechE Archive provides comprehensive resources for a full literature review in mechanical engineering.

The **IMechE Archive: 1847–1998** gives you direct access to over **200,000 pages of unique material**, including technical papers, obituaries, works visits, meeting reports, technical drawings, and editorial comment, all covering some of the most influential and innovative years of engineering development.

**Highly relevant content** – over 15,000 cited articles between 1989 and 2015.

Papers date back to the inception of the Institution of Mechanical Engineers and include **key content from leading engineers**, conferences and the Institution of Locomotive Engineers:

- 'On the fallacies of the rotary engine' – George Stephenson, 1848
- 'The early history of the Whittle jet propulsion gas turbine' – Frank Whittle, 1945
- 'The possibilities of nuclear energy for heat and power production' – John Douglas Cockcroft, 1947

### IMechE Shallow Backfile Package

This content ownership opportunity will complete your collection of IMechE content, offering articles published between 1999 to 2009. The package will include many of benefits of the IMechE Archive, including access via the award-winning SJ platform and the highest quality content that is ranked in the 2015 Journal Citation Reports® (Thomson Reuters 2016). Complete your ownership of IMechE backfile content today!
