

SAGE Backfile Packages

Investing in the **SAGE Deep Backfile Package** means owning access to over **560** SAGE journals backfiles that are interdisciplinary, including high-impact content published on behalf of hundreds of renowned, scholarly and professional societies. **Enable students, faculty, and researchers to follow the trail of citations back to volume 1, issue 1 across a span of research topics.**

5 good reasons to own the Deep Backfile Package:

1. Breadth

SAGE has collected over 560 journal backfiles, including more than 764,000 articles of historical content, covering subjects in business, humanities, social science, and science, technology and medicine.

2. Depth*

SAGE's deep backfile coverage goes to volume 1, issue 1; through the last issue of 1998. You will own content spanning over a century of research.

3. Quality

We pride ourselves on high-quality content, meeting our markets need for interdisciplinary, peer-reviewed, journal backfiles to provide your library. 70% of the journals in the entire **SAGE Deep Backfile Package** are ranked in the 2015 Thomson Reuters Journal Citation Reports®.

4. Cutting edge SAGE Journals platform

SAGE Journals is moving! As of December 2016, **SAGE Journals** will be hosted on its new online platform.

5. Pricing

We offer **flexible backfile purchase and lease options for over 560 journals** to accommodate library budgets of all sizes. This package option offers the most value for your money, including great savings off list price for individual journal backfile purchases.

Need more incentives?

- **Save shelf space** and the cost of supporting a print collection of journals in your physical library.
- **Save time** by allowing faculty, students, and researchers to perform important research from their office, dorm-room or lab, with flexible searching, browsing, and alerting capabilities.
- **New and improved online platform includes:**
 - Responsive design**—allowing a seamless multi-device experience.
 - New functionality**—to enhance the user experience of the site and all journal content, including clear PDF download options and article metrics powered by Altmetric.com
