

Thieme Clinical Suite

Multi-media platforms in clinical medicine

NEUROSURGERY • SPINE CARE • OTOLARYNGOLOGY • RADIOLOGY

Thieme eNeurosurgery

Thieme eNeurosurgery is a unique online resource providing the global neurosurgical community with unprecedented access to Thieme's entire neurosurgery collection. This powerful platform enables you to search for procedures you want to brush up on, confirm references for your writing, find visuals for your presentations, and much more! From the publisher you trust, Thieme eNeurosurgery will be your go-to reference for neurosurgical content and will change the way you obtain clinical information - making it easier, faster, and more efficient than ever before.

- 1 Enter a term and search across all neurosurgery content in E-Books, procedures, images & videos, and E-Journals
- 2 Consult a Thieme E-Book on your specialty
- 3 Review a procedure before heading into the OR
- 4 Select a stunning image for your presentation
- 5 Check references & simultaneously search titles in Thieme E-Journals as well as across all journals in PubMed

Features

- Over 400 illustrated procedures, original to Thieme eNeurosurgery, provide step-by-step instruction on core techniques and approaches and over 200 clinical cases
- Access to Thieme's entire neurosurgical E-Book library – over 160 E-Books
- More than 54,000 images & 600 videos, with legends and links to original sources, for easy integration into presentations and teaching materials
- Simultaneous search across the neurosurgery titles in Thieme's E-Journal platform, as well as across all journals indexed in PubMed, with results given to the abstract level

The screenshot displays the Thieme eNeurosurgery website interface. At the top, there is a navigation bar with links for Home, E-Books, Procedures, Images & Videos, and E-Journals. Below the navigation bar is a search bar with a 'Go' button and a link to 'Advanced search'. The main content area is divided into five sections, each marked with a red circle and a number:

- 2 E-BOOKS:** This section lists two e-books. The first is 'Color Atlas of Cerebral Revascularization [2013]' by Spetzler/Rhoton/Nakaji/Kawashima, with links to 'browse html / pages'. The second is 'Tumors of the Pediatric Central Nervous System [2013]' by Keating/Goodrich/Packer, also with links to 'browse html / pages'. A 'more' link is present at the bottom right of this section.
- 3 PROCEDURES:** This section features a procedure titled 'Cochlear Implantation' by Florian Hoppe. It includes tabs for 'Introduction and Background', 'Operative Detail and Preparation', and 'Outcomes and Postope'. Below the tabs are several small thumbnail images. A 'more' link is at the bottom right.
- 4 IMAGES & VIDEOS:** This section displays a grid of image and video thumbnails. Some thumbnails have a play button icon and the word 'VIDEO' below them. A 'more' link is at the bottom right.
- 5 JOURNALS:** This section lists journal articles. The first is 'The Anterior Ventriculo-Cisternostomy: The Pioneers' Work Revisited' from the Journal of Neurological Surgery Part A: Central European Neurosurgery, 2013; issue: 03. The second is 'Contralateral Approach to Unruptured Superior Hypophyseal Artery Aneurysms' from the same journal, 2013; issue: 01. A 'more' link is at the bottom right.

Thieme eSpine

Thieme eSpine is a unique online resource providing the global spine care community with unprecedented access to Thieme's entire spine collection. This powerful platform enables you to search for procedures you want to brush up on, research topics in Thieme's E-Books, find visuals for your presentations, and much more! From the publisher you trust, Thieme eSpine will be your key reference for spine care content and will revolutionize the way you obtain clinical information – making it easier, faster, and more efficient than ever before.

- 1 Enter a term and search across all spine care content in E-Books, procedures, images & videos, and E-Journals
- 2 Consult a Thieme E-Book on your specialty
- 3 Review a procedure before heading into the OR
- 4 Select a stunning image for your presentation
- 5 Check references & simultaneously search titles in Thieme E-Journals as well as across all journals in PubMed

Features

- Over 250 illustrated procedures provide step-by-step instruction on core techniques and approaches
- Access to Thieme's entire spine care E-Book library – over 60 E-Books
- More than 19,000 images and 260 videos, with legends and links to original sources, for easy integration into presentations and teaching materials
- Simultaneous search across the spine care titles in Thieme's E-Journal platform, as well as a cross all journals indexed in PubMed, with results given to the abstract level

The screenshot displays the Thieme eSpine website interface. At the top, there is a navigation bar with links for Home, E-Books, Procedures, Images & Videos, and E-Journals. Below the navigation bar is a search bar with a magnifying glass icon and a 'Go' button. The main content area is divided into five sections, each with a red circular icon and a number indicating its position in the workflow:

- 1** Search bar: A search bar with a magnifying glass icon and a 'Go' button.
- 2** E-BOOKS: A section titled 'E-BOOKS' featuring two book covers. The first is 'Decision Making in Spinal Care [2013]' by Anderson/Vaccaro/Gebauer, with options to 'browse html / pages'. The second is 'Handbook of Spine Surgery [2012]' by Baaj/Mummanen/Uribe/Vaccaro/Greenberg, also with options to 'browse html / pages'. A 'more' link is at the bottom right.
- 3** PROCEDURES: A section titled 'PROCEDURES' featuring two procedure illustrations. The first is 'Posterior Stabilization Using the Bohlman Triple-Wire Technique [2006]' by Paul K. Maurer. The second is 'Posterior Stabilization Using the Titanium Rectangle Technique [2006]' by Paul K. Maurer. A 'more' link is at the bottom right.
- 4** IMAGES & VIDEOS: A section titled 'IMAGES & VIDEOS' featuring a grid of image and video thumbnails. Some thumbnails have a play button icon and the word 'VIDEO'. A 'more' link is at the bottom right.
- 5** JOURNALS: A section titled 'JOURNALS' featuring two journal articles. The first is 'Outcomes in Adult Scoliosis Patients Who Undergo Spinal Fusion Stopping at L5 Compared with Extension to the Sacrum' by Sardar / Ouellet / Fischer / Skelly, published in Evidence-Based Spine-Care Journal 2013; issue: 02. The second is 'Vertebral Osteotomies in Ankylosing Spondylitis—Comparison of Outcomes Following Closing Wedge Osteotomy versus Opening Wedge Osteotomy: A Systematic Review' by Ravinsky / Ouellet / Brodt / Dettori, published in Evidence-Based Spine-Care Journal 2013; issue: 01. A 'more' link is at the bottom right.
